Results-driven computer application student from Oriental Institute of Science & Technology, passionate about developing user-friendly software applications. Excellent problem-solving skills and ability to perform well in a team. Seeking to help the Company for developing their products as a software developer, as well as grow, evolve and expand my own skills as a developer under professionals.

SKILLS

- HTML & CSS
- JavaScript
- React JS
- Bootstrap

STRENGTHS

- Honesty
- Goal Oriented
- Team Work

PROJECTS

Personal Portfolio

Link: https://praddyotahayaran.github.io/personalportfolio/

- I have use HTML to build the structure of the web, & CSS for designing the layout.
- To make the web app quick & efficient with significantly less code I have used JavaScript library REACT JS to make it a single page web app.

YouTube Clone

Link: https://clone-643d8.web.app

- I have use React Js to build this single page web app.
